Zagreb - Croatia

Zagreb is the capital and the largest city of the Republic of Croatia and is located in the northwest of the country. It is the metropolitan area with a population of over one million.

Zagreb is a city with a rich history dating from the Roman times to the present day. It is the most important transport hub in Croatia where Western Europe, the Mediterranean and Southeast Europe meet, making the Zagreb area the centre of the road, rail and air networks of this area. It is also an important tourist center, not only in terms of passengers travelling from Western and Central Europe to the Adriatic Sea, but also as a travel destination itself.

The historical part of the city to the north of Ban Jelačić Square is composed of the Gornji Grad and Kaptol, a medieval urban complex of churches, palaces, museums, galleries and government buildings that are popular among tourists on sightseeing tours.

Foreword

Dear beach handball friends,

the 14th edition of Jarun Cup, one of the biggest European beach handball tournaments, which will be held from April 28th to May 1st, 2022, is coming soon. We expect that this beach handball tournament will be an extraordinary event with teams and officials from many European nations participating.

The numbers of the last edition of the tournaments (82 teams in all categories, more than 700 participants from 14 countries, 40 volunteers who helped to organize the tournament, as well as the officials and the members of the organizing committee) have confirmed that Jarun Cup is recognized by teams and beach handball enthusiasts as one of the best beach handball EBT events.

Our sports complex at Jarun Lake consists of 4 beach handball fields, where we were able to play more than 200 matches during the tournament.

Also, our plan for this year is to get back on track and try to increase the quality of tournaments while staying in the top 5 of European tournaments.

Therefore, on behalf of the Jarun Cup Beach Handball Tournament Organizing Committee and Academic Beach Handball Club Zagreb, I would like to invite participants, referees, delegates, team officials, technical officials, staff and volunteers to become part of our Summer story at the end of April 2022.

I hope you will recognize our efforts to popularize beach handball and I hope to see you again soon so that we can open the new EBT season as best we can, having fun and showing the most beautiful sport to the spectators (on-site, via internet stream or via TV broadcast). We look forward to seeing you soon!

Sandra Čičić, mag.chem.

OUR SUMMER STORY!*

Jarun Lake, Zagreb

In the southwest part of Zagreb, not far from Sava dike, there is a spacious recreational and sports centre Jarun - an oasis of peace and nature. The former channel of the Sava River was arranged for the University Games in 1987, when the lake and the whole complex was given its present appearance. On two Jarun lakes, Big and Small there are five islands connected with bridges and around them are 2500 meters of pebble beaches. The lakes are filled with clear underground water, and the beaches have sanitary facilities and showers. There are also rescue teams, guards and medical service onsite. Jarun's special value is the untouched nature of the Island of wildness. There is preserved natural swamp and pond habitat, rich with land and water plants, with hundred bird species and a multitude of various fish, water animals and insects. Jarun has total surface of 235 ha and is attractive to all generations. It provides facilities for walking, bicycling, various outdoor sports, trim-track of 6500 meters of length, roller skating, etc. Sports facilities are related to impressive 2250 metres long regatta path where international and world rowing, canoe and kayak contests are held. With daily trainings and performances they give Jarun a special, sporting atmosphere.

Reachable by trams 5 and 17 or by taxi service.
